

## PROFESSOR NANCY BUDAMBULA

**Name:** Prof Nancy Budambula

**Title/Qualification:** PhD Position:

**Associate Professor Department:**

Biological Sciences

**School:** Pure and Applied Sciences (SPAS)

**Area of Specialization:** Microbiology and Genetics

**Contact Address:** P.O Box 6-60100

**E-Mail:** budambula.nancy@embuni.ac.ke

### **Short Biography**

#### **Teaching experience at the University**

2014 to Present: Associate Professor at University of Embu

2007 to 2014: Senior Lecturer Jomo Kenyatta University of Agriculture and Technology (JKUAT)

1998 to 2007: Lecturer (JKUAT).

1995 to 1998: Assistant Lecturer (JKUAT)

#### **Management and Administration**

July 2014 to Present: Director BPS, University of Embu

September 2013 to June 2014: Acting Dean, School of Biological Sciences (JKUAT)

February 2013 to August 2013: Associate Dean, Faculty of Science (JKUAT) October

2012 to January 2013: Acting Associate Dean (JKUAT)

2009 to 2013: Chairman, Department of Botany 2009 to 2013 (JKUAT)

## **Research Interests**

Bio prospecting for novel microorganisms from the environment Antibiotic resistance

Viral genetics

Water pollution

## **Publications in Journals:**

1. Muli J.K., J O. Neondo, P. K. Kamau and **N.L.M. Budambula (2020)**. Genetic diversity and use of African indigenous vegetables especially slender leaf. *International Journal of Vegetable Science* <https://doi.org/10.1080/19315260.2020.1829768>
2. Muriuki S. W., J.O Neondo and **N. L.M. Budambula (2020)**. Detection and profiling of antibiotic resistance among culturable bacterial isolates in vended food and soil Samples. *International Journal of Microbiology* <https://doi.org/10.1155/2020/6572693>
3. Wasonga, M. A., E. E. Arunga, J. O. Neondo, J.K Muli, P.K. Kamau and **N.L.M Budambula (2020)**. A hybridization technique for orphan legumes: Development of an artificial interspecific pollination protocol for Crotalaria spp. *Journal of Crop Improvement* <https://doi.org/10.1080/15427528.2020.1810189>

## **Selected Conference Papers**

1. Kinyua D.M and **N. L. M Budambula (2013)**. Antibiotic resistance of metal tolerant bacteria isolated from soil in Juja, Kenya. JKUAT Scientific, Technological and Industrialization Conference November
2. Njire M.M., **N. L. M. Budambula** and J.N. Kiiru (**2010**). Antimicrobial effects of selected herbal extracts on Multi-drug resistant Gram-negative bacterial strains. Proceedings of the 2010 JKUAT Scientific, Technological and Industrialization Conference. Pages 131-138
3. Ndegwa D.W, Wahiu F. W. and **N. L. M. Budambula (2007)**. Characterization of bacterial contaminants in milk hawked at Kahawa West. Proceedings of the 2007 JKUAT Scientific, Technological and Industrialization Conference. Pages 292-302.
4. Nzau B., S. Kariuki and **N. L. M .Budambula (2007)**. Antimicrobial resistance in Salmonella enterica serotype typhimurium and Salmonella enterica serotype enteritidis. Proceedings of the 2007 JKUAT Scientific, Technological and Industrialization Conference. Pages 227-233.

## **Doctor of Philosophy Students**

### **1. OchwotoMissiani                    2011 to date**

Molecular Characterization of acute and chronic viral hepatitis in selected hospitals in Kenya

### **2. Peter Onkware                    2012 to date**

Mycobacteria and bacterial coinfections among patients at Kenyatta National Hospital and their susceptibility to antibiotics and selected plant extracts.

### **3.Amanuel Menghs Ghilamicael 2013 to date**

Prokaryotic Diversity and Thermozyymes from Thermophilic Bacteria from Hot Springs in Eritrea.

Master of Science Students

**Romano K. Mwirichia      2005 to 2006 graduated**

Isolation and Characterization of Enterobacteriaceae from Well water in Juja town and its

**1. Ogot O. Hellen      2005 to 2007 graduated**

Isolation, characterization and identification of pesticide degrading bacteria isolated from the soil and intestinal

**2. Eddy Okoth Odari      2009 to 2010 graduated.**

Evaluation of a “combination” Elisa Kit and genotyping performance of restriction fragment length polymorphism among Hepatitis C virus infected patients’ sera.

**3. Moses Mucugi Njire      2009 to 2011 graduated**

Antimicrobial effects of selected herbal extracts on clinical multi-drug resistant Gram- negative bacteria.

**4. Doris Wangari Ndegwa      2008 to 2011 graduated**

Characterisation of aminoglycoside resistant bacterial strains implicated in invasive infections in Kenya.

**5. Regina Ronoh      2010 to 2012 graduated**

Genetic diversity of actinobacteria in Lake Magadi.

**6. Christabel Muhonja      2010 to 2012 graduated**

Characterisation of antibiotic resistance among environmental enteric pathogens in Gatwekera village of Kibera slum-Kenya.

**7. Simeon Kwange Owour      2011 to 2013 graduated**

Distribution of Hepatitis B virus genotypes and frequency of its mutants among Blood Donors in selected regional blood transfusion centres in Kenya

**9. Edith Mnyazi Muwawa 2012 to date- graduated**

Assessment of dynamics of nitrogen species and microsymbionts in soils, guts and nest materials of termites.

**8. Agnes Omire**

**2012 to date- thesis submitted**

Genetic variability of the Human Papillomavirus among HIV positive and HIV negative women attending reproductive health clinic at Kenyatta National Hospital.

**10. Ruth Gechemba Onchwari**      **2012 to date- thesis writing in progress** Isolation and characterization of Rhizosphere bacteria from banana plants within juja with potential to improve plant growth.

**11. Kerosi Danvas Ongwacho**      **2012 to date -research in progress**  
Genetic variability of Human immunodeficiency virus and Hepatitis B among HIV/ Hepatitis BC coinfected intravenous drug users in Malindi.

**12. Paulyne Akoth**      **2013 to date thesis writing in progress**  
Genetic Diversity and Distribution of Termites in Taita Taveta County.

**13. Joshua Kiilu Muli**      **2014 to date research in Progress**  
Transgenic maize overexpressing PARP hairpin construct for drought stress tolerance.

**14. Mary Claire Imbo**      **2014 to date research in Progress**  
Competence to agrobacterium mediated transformation and expression analysis of NUDX gene in eight selected farmer preferred sweet potato genotypes.

**15. Mirriam Nzivo** **2014 to date Research proposal awaiting ERC approval**  
Characterization of Human Herpes Virus Type 8 among Female Commercial Sex Workers in Malindi, Kenya.

**16. Douglas Muthomi Kinyua** **2014 to date Research proposal awaitingERC approval**  
Hepatitis C Virus- Human Immunodeficiency Virus Coinfection among Prisoners at Shimo La Tewa Prison, Kenya.

**17. Caroline Koech** **2014 to date Research proposal awaiting ERC approval**  
Characterization of human T-cell lymphotropic virus among intravenous drug users in Malindi, Kenya.

**18. Grace Mutua 2014 date to Research proposal awaiting ERC approval** Relationship between genital Human Papillomavirus infections and prostate cancer in patients attending the urology clinic at Kenyatta National Hospital.
