

DR. REBECCA YEGON

Name: Rebecca Yegon

Title/Qualification: PhD

Position: Lecturer

Department: Land and Water Management

School: Agriculture

Area of Specialization: Soil and Water Management

Contact Address: Box 6-60100, EMBU

E-Mail: yegon.rebecca@embuni.ac.ke

Short Biography

Ms. Yegon holds PhD candidate from Sokoine University of Agriculture, Tanzania studying the effect of water harvesting on sorghum and Pigeon pea yields, soil water and soil Carbon and Nitrogen in Mbeere and Tharaka Kenya. She holds a Msc. Soil Science degree and a Bsc. Agriculture degree both of Egerton University, Njoro. Ms. Yegon teaches soil science and sustainable Agriculture courses in the department of Land and Water Management.

Research Interests

1. Soil management
2. Water management (Rain water harvesting)
3. Crop Systems modelling

Publications in Journals:

1. Yegon, R., Mtakwa P. W., Mrema, G. C., Ngetich, F. K. 2016. Planting Pits' Effects on Soil Nutrients in a Sorghum and Pigeon Pea Rotation in Semi-arid Areas of Eastern Kenya. *International Journal of Plant & Soil Science*, ISSN: 2320-7035, Vol.: 13, Issue.: 5
2. I.I.C Wakindiki and R. Yegon. (2011). Effect of decomposition intensity of incorporated Chickpea manure on stability and saturated hydraulic conductivity of a clay loam and clay soil. *African journal of Agricultural Research* 6 (5): 1120-1127.
